Leadership Council Bluffs is designed to develop leadership potential through a variety of carefully selected activities that include leadership skill development, community involvement, political and social systems, local issues and community economics.

Don Porter, chairman of the Leadership Curriculum Committee said, "Each year we have been trying to improve on the success we've had in years

past and our committee is dedicated to making this experience very positive. This class will be contributing an increased leadership potential for Council Bluffs."

Porter added, "Our curriculum committee has been working very hard to get ready for the year and we are excited about getting started and moving forward with the program."

The Chamber applauds these participants and past alumni for showing leadership and a sincere interest in Council Bluffs. The Chamber is thankful they are willing to assume a greater leadership within the community.
